Subject: Review by Nov 24: Revised Bi-Monthly Status Report to NWEA on OR CZARA

Hi All,

Please review and provide comments on the following bimonthly status report to NWEA by **Nov 24**.

Per our earlier commitment to you, an update on our progress towards making a decision on the approvability of Oregon's Coastal Nonpoint Program is provided below. Since our report on September 30, NOAA and EPA have:

- Held regular meetings of various teams to continue inter-agency discussions on Oregon's program in consideration of the public comments received and the State's response. Issues discussed included: new development, OSDS, forestry-landslides, forestry-pesticides, forestry-riparian, forestry-roads, and agriculture:
 - Topic team (weekly or more frequently): to discuss public comments, state submission, and potential responses to comments and changes needed to proposed decision rationales.
 - Technical team (weekly): to share progress of topic teams, get feedback from full technical team, identify specific legal questions or decision points for legal and management teams, respectively, and ensure coordination among topic teams.
 - Managerial team (weekly for most weeks during October and November): to provide programmatic guidance to technical team and weigh in on critical decision points.
 - Managerial/Legal/Technical team: (weekly for most weeks during October and November): to jointly discuss programmatic and legal issues.
- ~~Drafted~~**Continuing work on responding** responses to all summary comments and ~~updated all~~ decision rationales.
- ~~Technical team completed draft response to comments for legal/management review. Legal/management review provided feedback and edits.~~
- ~~Drafted~~**Begun work on drafting** a Federal Register Notice to announce our decision.
- Prepared and scheduled briefings for senior management in both agencies.

We believe we are on schedule to meet ~~our~~**the** January 30, 2015, decision ~~deadline~~**target**. If you have any questions, feel free to contact me via email or at 206-553-1906 or Joelle Gore at joelle.gore@noaa.gov or 301-563-1177.
